

## BAe 146-300QT

<b>Aircraft Type</b>	BAe 146-300QT*
<b>Network coverage</b>	Australian Domestic
<b>ULD configuration</b>	7ABB
<b>Equipment available for freight</b>	main deck, lower deck + bulkhold
<b>Volume available for freight</b>	70m <sup>3</sup>
<b>Maximum weight</b>	10,500kg

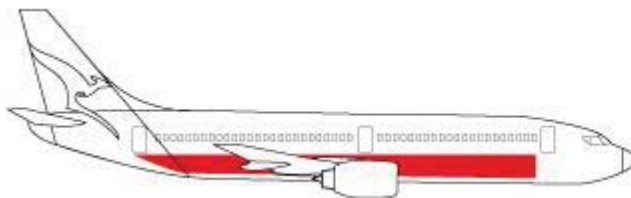

\*BAe146-100QT variant also available

## Boeing B737-300 Freighter

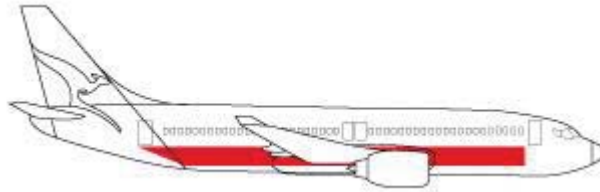

<b>Aircraft Type</b>	Boeing B737-300 Freighter
<b>Network coverage</b>	Australian Domestic
<b>ULD configuration</b>	8AAA/1AGP
<b>Equipment available for freight</b>	main deck, lower deck + bulkhold
<b>Volume available for freight</b>	132.9m <sup>3</sup>
<b>Maximum weight</b>	17,340kg

## Boeing B737-400

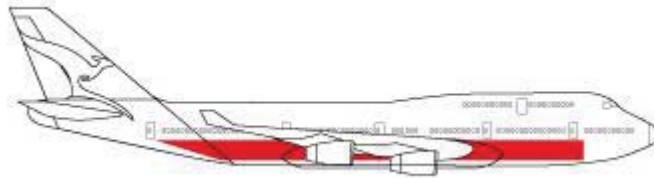

<b>Aircraft Type</b>	Boeing B737-400
<b>Network coverage</b>	Australian Domestic and International
<b>ULD configuration</b>	-
<b>Equipment available for freight (based on full passenger loads)</b>	bulkhold only
<b>Volume available for freight (based on full passenger loads)</b>	24.0m <sup>3</sup>
<b>Maximum weight</b>	2,897kg

## Boeing B737-800

<b>Aircraft Type</b>	Boeing B737-800
<b>Network coverage</b>	Australian Domestic and International
<b>ULD configuration</b>	-
<b>Equipment available for freight (based on full passenger loads)</b>	bulkhold only
<b>Volume available for freight (based on full passenger loads)</b>	28.0m <sup>3</sup>
<b>Maximum weight</b>	3,600kg

## Boeing B747-400

<b>Aircraft Type</b>	Boeing B747-400*
<b>Network coverage</b>	International
<b>ULD configuration</b>	14LD3/6LD7
<b>Equipment available for freight (based on full passenger loads)</b>	2LD3/6LD7 + bulkhold
<b>Volume available for freight (based on full passenger loads)</b>	73.4m <sup>3</sup>
<b>Maximum weight</b>	20,000kg

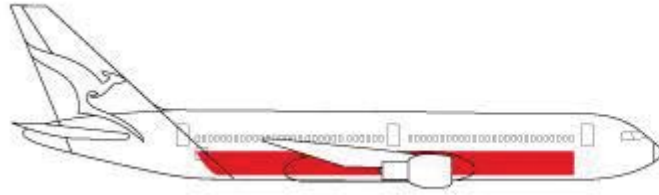

\* excludes 'ER' variants

## Boeing B747-400 Freighter

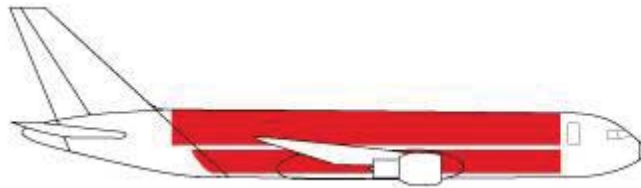

<b>Aircraft Type</b>	Boeing B747-400 Freighter
<b>Network coverage</b>	International
<b>ULD configuration</b>	30M1/9LD7/2LD3
<b>Equipment available for freight</b>	main deck, lower deck + bulkhold
<b>Volume available for freight</b>	765.7m <sup>3</sup>
<b>Maximum weight</b>	110,000kg

## Boeing B767-300

<b>Aircraft Type</b>	Boeing B767-300
<b>Network coverage</b>	Australian Domestic and International
<b>ULD configuration</b>	9LD8/3LD7
<b>Equipment available for freight (based on full passenger loads)</b>	4LD8/3LD7 + bulkhold
<b>Volume available for freight (based on full passenger loads)</b>	63.0m <sup>3</sup>
<b>Maximum weight</b>	16,500kg

## Boeing B767-300 Freighter

<b>Aircraft Type</b>	Boeing B767-300 Freighter
<b>Network coverage</b>	International
<b>ULD configuration</b>	20AAX/15LD8
<b>Equipment available for freight</b>	main deck, lower deck + bulkhold
<b>Volume available for freight</b>	438.50m <sup>3</sup>
<b>Maximum weight</b>	56,000kg
